

**ALL-HAZARDS INCIDENT MANAGEMENT
TEAMS ASSOCIATION**

Founded in 2010, the AHIMTA is a young association, but it has accomplished amazing things in its short history. The AHIMTA is recognized as a primary stakeholder in the incident management world and has formed many working partnerships and participates on committees and boards of various agencies including the Federal Emergency Management Agency (FEMA)/National Integration Center, FEMA/US Fire Administration, FEMA/Field Operations Directorate, National Wildfire Coordination Group, International Association of Chiefs of Police, International Association of Emergency Managers (IAEM), National Emergency Management Association/Emergency Management Assistance Compact, among others.

The AHIMTA has taken a leading role in standardizing the field of incident management and has authored the Interstate Incident Management Qualification System Guide, All-Hazards Type 3 Command and General Staff (C&GS) position descriptions and position task books, and a Mission Ready Package for Type 3 IMTs.

These achievements were made possible thanks to the tireless dedication and commitment of the AHIMTA members.

The Association continues to remain focused on promoting national standards for Incident Management Teams, while expanding its interaction with other organizations and agencies. Our mantra “Inspiring Excellence in Incident Management” guides us and motivates us to grow the organization. Every new member brings added experience and insight to the organization.

Learn more about the AHIMTA at our website <http://www.ahimta.org>

Membership benefits include:

-  Notification of training, and professional development opportunities and upcoming events
-  Discounted registration fee for the Annual National AHIMTA Training and Education Symposium
-  Access to Members-only directory and resource documents
-  Unparalleled networking with the country's leading incident management professionals, and
-  The opportunity to help promote, support, and enhance the profession of incident management and shape the future and growth of Incident Management Teams in the US and beyond!

The All-Hazards Incident Management Teams Association (AHIMTA)

welcomes all those dedicated to the mission of incident management.

Our members include first responders, support personnel, and recovery organizations. You will find representatives of local, state, and federal incident management teams, fire service, emergency medical, emergency management, law enforcement, public health, hospitals, public works, military, school districts, and many others among our membership.

At only \$75 per year, AHIMTA has the lowest membership fee of any comparable professional association.
